Requirement on Papers Submission and Posters Making of 2022 World  
Conference on Acupuncture-Moxibustion (Singapore) of World  
Federation of Acupuncture-Moxibustion Societies (WFAS )

November, 2022

To submit a paper to 2022 World Conference on Acupuncture-Moxibustion (Singapore) of World Federation of Acupuncture-Moxibustion Societies (WFAS ), delegates are required to submit an abstract (fewer than 800 words), or the full text of the paper. The full text should not exceed 5,000 words and the layout should not exceed 5 pages. The deadline for paper submission is September 30, 2022. Please send to e-mail: [wfas2022@163.com](mailto:wfas2022@163.com)

1. The Format of the Paper

The English paper should be in Times New Roman, the title in 14pt, figures, table notes and footnotes in 9pt, the references in 7.5pt and others in 10.5pt.

1.1 Title

The title should be concise and reflect the specific content of the paper, preferably not exceeding 20 words. The title should avoid uncommon abbreviations, characters and etc.

1.2 Author

The position of the name should leave one line blank from the title. Multiple authors' names should be separated by commas. If authors belong to different organizations, Arab numerals should be marked in the upper right corner of the writer's name.

1.3 Organization

The organization of author(s) should be given in bracket. Different organizations needs to be separated by semicolons. The top left corner of the first word marked at

the beginning of each organization should stay the same with Arab numerals marked in the upper right corner of the author's name.

#### 1.4 Abstract

The abstract should leave one line blank from the organization, starting with “ **【ABSTRACT】** ”. The abstract shall be a four-section summary include “**Objective, Methods, Results, Conclusion**”. Abstracts for experimental research and clinical research should include four parts, namely Objective, Methods (research object, grouping, sample size, specific interventions, observation index and detection method, specific animal experimental modeling method), Results (main data and statistics should be given) and Conclusion. Papers for theoretical discussion and summary should use indicative abstract and the main content of the paper should be stated. If abbreviations are used in abstract, full name should be given in bracket.

#### 1.5 Keywords

The keywords should start with “ **【KEYWORDS】** ”. Three to five keywords are appropriate. Each keyword should be separated by semicolon.

1.6 If the paper is funded by any research project, the introduction of the research and the author should be put in the footnote of the front page. The research project shall be marked as “Project Source:”. The first author and the corresponding author can be introduced within 100 words, including name, education background, professional title, research direction and e-mail.

1.7 If the submission is the full paper, please refer to paper format requirements of *Chinese Acupuncture & Moxibustion*.

2. During the conference, oral presentations or poster presentations can be chosen.

2.1 Oral Presentation: Please prepare PPT by yourself and send the PPT to the e-mail: [wfas2022@163.com](mailto:wfas2022@163.com) before November 1, 2022.

2.2 Poster Presentations: Please prepare and bring your own (sticky) posters. According to post signs in the venue, please post the poster to the designated place and the poster should be taken down within the posting time. The poster size is 90 cm wide and 120 cm high. The specific font size depends on the words of the poster and the poster is preferably visible from a distance of 1 meter. The numbers of poster are limited, so the arrangement will depend on the order in which the posters are received, and the arrangement will depend on the specific situation of the venue.
